AARON ROTH JOINS FINLEY ENGINEERING GROUP

Finley Engineering Group, Inc. (FINLEY) has hired Aaron Roth as a bridge designer in its Tallahassee headquarters office. Roth graduated from Florida State in May where he earned his BS in Civil Engineering with minors in Physics and Mathematics. He is a 2003 graduate of Central High School in Brooksville.

As an intern and in his work with FINLEY, Roth has provided foundation design, and worked in concrete, timber and steel design. His current projects include a major steel bridge in Miami and a series of concrete segmental bridges in Israel.

Roth is affiliated with the American Segmental Bridge Institute (ASBI), the American Society of Civil Engineers (ASCE), and the Florida Engineering Society.

Founded in 2004, FINLEY is recognized nationally and internationally as a leading engineering and construction consulting firm specializing in complex bridge projects of all kinds.

For more information, contact Craig Finley at 850-894-1600 or at craig.finley@finleyengineeringgroup.com.
